Firm Owner Admin Panel — Full Reference

As Firm Owner, you have full access to every part of the David Chambers website system — except the Logo upload and API configuration, which are reserved for RESCAVIA (the developer) to maintain system integrity.

Admin Panel URL: <https://davidchambers.ng/pages/admin.html>

1. Your Permissions

Feature	Access	Notes
Dashboard — live stats	Full	Bookings, inquiries, cases overview
Clients — add/view	Full	Create client portal accounts
Case Manager — all tasks	Full	Full case lifecycle management
Bookings inbox	Full	Confirm consultations
Inquiries inbox	Full	Reply to contact messages
Team Members	Full	Add/remove/edit lawyers
Pricing	Full	Update all service prices
Bank Details	Full	Update payment account
Staff Accounts	Full	Create/manage all staff logins
Logo Upload	None	RESCAVIA only (call +2348161303336)

2. Creating Staff Accounts

You can create logins for your team. Each person gets only the access their role requires.

1. **Click Staff Accounts in the sidebar** —
2. **Fill in name, email, password and select role** — Case Manager or Receptionist for most staff
3. **Click Create Staff Account** — They can log in immediately
4. **Share their credentials securely** — Verbally or via a secure channel — never email passwords

Available Roles

- Firm Owner — Full access except logo/API (you can create another firm owner)
- Super Admin — Full access except logo/API/staff management
- Case Manager — Cases, clients, messages, invoices, documents
- Receptionist — Bookings and inquiries only

To reset a staff password: Staff Accounts → click Reset Pwd next to their name → enter new password. To remove access: click Remove.

3. Managing Team Members (About Page)

5. **Click Team Members in the sidebar** —
6. **Fill in the Add Team Member form** — Name, role (e.g. Senior Associate), year called to bar
7. **Upload a photo (optional)** — Appears on the About Us page. Best size: 300x300px
8. **Click Add Team Member** — Appears on the website About page immediately

To remove a team member: find them in the Current Team table and click Remove. They disappear from the website immediately.

4. Updating Pricing

9. **Click Pricing in the sidebar** —
10. **Find the service you want to update** —
11. **Edit the price field directly** — e.g. change "From ₦75,000" to "From ₦100,000"
12. **Click Save next to that service** — Reflects on the Services page immediately

Each service has its own Save button. Clicking Save on one does not affect others. Update each service individually.

5. Updating Bank Details

13. **Click Bank Details in the sidebar** —
14. **Update bank name, account name and account number** —
15. **Click Save Bank Details** — Shows in client invoices immediately

6. Full Case Workflow

This is the complete journey of a case from intake to resolution:

Feature	Access	Notes
1. New client	Clients	Add Name, Email, Password, Phone
2. Create case	Case Manager	Select client, enter ref, type, counsel, court
3. Add timeline steps	Case Manager	Status: done/current/pending . Start with Case File Opened (done) and first active step (current)
4. Client logs in	Portal	Client sees case, timeline, progress bar
5. After each event	Case Manager	Change current → done, add next step as current, update dates, send message
6. Upload documents	Case Manager	Court orders, filings, notices — client sees instantly
7. Add invoices	Case Manager	Each fee stage as a separate invoice
8. Case closes	Case Manager	Change status to Closed, final message to client

7. Requesting Logo Change

The logo is managed exclusively by RESCAVIA to prevent accidental corruption. To change the firm logo:

- Call or WhatsApp RESCAVIA: +2348161303336
- Email: festusolowo1@gmail.com
- Provide the new logo file (PNG, transparent background recommended)
- RESCAVIA will upload it and confirm — usually within 24 hours

8. Support Contacts

RESCAVIA (Technical Support): +2348161303336 | festusolowo1@gmail.com

Business hours: Monday – Friday: 9:00 AM – 6:00 PM WAT

Emergency support: WhatsApp available 24/7 for critical issues
